Hardware configuration	
Main Frenquency	Quad-core ARM Cortex-A9 processor with up to 1.8GHz speed
Inner memory	1G DDR3
Screen	8 inch 1024×768
	5 points capacitive touch panel
Memory	8GB
Camera	200W+500W camera
Volumn	D class built-in speakers
Expansion card	TF card，Support maximum 32GB TF card
Battery	118X105X3.0mm
Data port	One USB OTG 2.0, one USB Host2.0 interface and High-Speed Inter Chips interface, HDMI

Operating system	
Operating system	Google Android 4.1
SNR	≥92db
Outlook specification	
Product Dimension L×W×H(mm)	194*149*8.7(mm)

Function feature	
Mobile memory	It can be used as movable hardware Disk
Input	Android keyboard、Google Pinyin input method
Audio	MP3、WMA、OGG、APE、FLAC、AAC、WAV
Video	1080P@60fps multi-format video decoder and live video of Youtube
	1080P@30fps video encoding for H.264 and vp8
Picture	Support for JPG, BMP, PNG and other image formats browsing and support the rotating / slide / picture zoom function
Other applications	2D/3D graphics processor，supporting OpenGL ES 1.1/2.0 and OpenVG 1.1
	Webpage browsing、Chat online、E-mail、E-book、Explorer
	Clock、Alarm clock、Calculator、Recording
Audio mode	Normal、Pop、Rock、Classical、Jazz、Heavy bass、User-defined
Language	Multi—language support (optional)
Repeat mode	Single song once、single repeated、all once、all repeated、demo
Recording	microphone support; support MP3/WAV format recording

* Note: Use MicroTF (SD) card, if you want to pull out the TF card, safe operation is the select Settings - > memory - > unload TF card.

Connected to the computer, please do not use online video and games.

* Disclaimer Note: product appearance, technical parameter, function, price, please take the actual product and the product specification, nameplate shall prevail, as a result of technology to update the changes, without notice.

FCC Information and Copyright

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.
These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates,
uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference
to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does
cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is
encouraged to try to correct the interference by one or more of the following measures:
—Reorient or relocate the receiving antenna.
—Increase the separation between the equipment and receiver.
—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
—Consult the dealer or an experienced radio/TV technician for help.

15.19 Labelling requirements.
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1)This device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.

changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC RF warning statement: the device has been evaluated to meet general RF exposure requirement , The device can be used in portable exposure condition without restriction.
